

A.2 Bionanodesign Symposium

WELCOME

14-19 AUGUST, 2016

XXV International Materials Research Congress

Sociedad Mexicana
de Materiales A.C.

Dear Friends and Colleagues;

We cordially invite you to participate in the “XXV International Materials Research Congress”, which will be held on August 14-19, 2016 in Cancún, México.

The *Bionanodesign Symposium*, under the general theme of *Nanoscience and Nanotechnologies*, aims to connect researchers from bio- and nano-technology to provide opportunities for intensive discussion and exchange of ideas needed to define/solve the scientific/technical challenges for theory, modeling, simulation and experimentation for the design of bionanomaterials.

We are looking forward to your participation in Bionanodesign Symposium.

Best Regards

Symposium Organizers

Ersin Emre OREN

Bionanodesign Lab.
TOBB ETU, Turkey

Tiffany R. WALSH

Inst. for Frontier Materials
Deakin Uni., Australia

Goknur Cambaz BUKE

Nanomaterials Lab.
TOBB ETU, Turkey

Yuhei HAYAMIZU

Bionanointerfaces Laboratory
Tokyo Inst. of Tech., Japan

Symposium Sponsors

TOBB
UNIVERSITY OF
ECONOMICS AND TECHNOLOGY

SPRINGER NATURE

Manjari P. Anantram

Uni. of Washington, USA

Guilherme M. Arantes

Uni. de São Paulo, Brazil

Jennifer N. Cha

Uni. of Colorado at Boulder, USA

Chun-Long Chen

Pacific Northwest National Lab., USA

Lucio Colombi Ciacchi

Uni. of Bremen, Germany

Kristen A. Fichthorn

Penn State Uni., USA

Yury Gogotsi

Drexel Uni, USA

Josh Hihath

Uni. of California, Davis, USA

Thomas H. LaBean

North Carolina State Uni., USA

Robert Latour

Clemson Uni., USA

Arthur J. Olson

The Scripps Research Inst., USA

Carole Perry

Nottingham Trent Uni., UK

Kiyotaka Shiba

The Cancer Inst. of JFCR, Japan

Andrew J. Spakowitz

Stanford Univ., USA

Ichiro Yamashita

Nara Inst. of Science & Tech., Japan

Yaroslava G. Yingling

North Carolina State Uni., USA

Yang Zhang

Uni. of Michigan, USA

Cancún, México
